

# trio de lucs LUX

mochermusic MOM-0010 (release date 01.11.2016)

Let there be „LUX“ -  
the debut album of **trio de lucs** is out!

Lyrical Groove Jazz

lukas jank // drums, percussion  
lukas hatzis // bass, vocals  
lukas derungs // piano, vocals, beatbox

This fresh Mannheim based piano trio puts out their debut release: LUX. Melancholic melodies and earthy grooves merge with colors bringing light into darkness. It is beautiful music, shaped by the harmonic approach of bassist Lukas Hatzis, by the subtly nuanced cadences of drummer Lukas Jank and by the delicate grand performance of Pianist Lukas Derungs (1st Prize at Yamaha Jazz Piano Competition 2016 in Nuremberg/Germany, 1st Prize at International Jazz Piano Competition 2016 in Langnau/Switzerland).

Notwithstanding their identical first names the „Lucs“ have utterly contrasting characters and musical backgrounds. And since their individual sound ideals keep altering continuously, the pieces also constantly develop and they never sound the same way twice on stage. And after all it's jazz-atypical elements such as beatbox and polyphonic chants that make the sound of this trio so unique - they provide the songs with sometimes modern, sometimes folkloristic traits. The result is a deluxe sound - The Sound de Lucs.

***„With their 2016 debut album, trio de lucs add a fresh and distinctive sound of profound quality to the European jazz market.  
I can highly recommend listening to LUX, which should give us new hope for the future of European jazz: groovy, mature, skillful and surprising.  
This trio is a band which has really grown their own sound,  
it is a trio of friends who know and feel each other,  
and you can tell from every moment on the recording that they give their all for the music.  
Hats off - Luke, Luc & Lukas!“ (Bodek Janke)***
